THE VICE PRESIDENT
WASHINGTON

DDI-3939-66

September 13, 1966

Dear Dick:

I want to thank you for my copy of the Economic Intelligence Statistical Handbook, 1966, which provides statistics on the economies of the Communist countries, as well as the countries of the North Atlantic Treaty Organization.

It is an extremely helpful publication. I particularly appreciate the fact that so much of your data has been unclassified, making it possible for us to use it in our work with the public.

I hope you will extend my thanks and congratulations to those officers who have worked on the Handbook.

Best wishes.

Sincerely,

Hubert H.
Hubert H. Humphrey
